

## Swallow Song

Vashti Bunyan

And there's a sunset brimming over the sky  
And there's a swallow teaching it's young how to fly  
Up on high  
See how fast the summer passes by

And there's an oak leaf turning green into brown  
And there's a pine so proud of her evergreen gown  
Looking down  
See how fast the winter comes around

And there's a rain cloud passing over our heads  
And there's a cat on the doorstep waiting to be fed  
Milk and bread  
Day is done and now it's time for bed
