

Will you turn my mind away from  
Everything that I have done  
Hope is falling away from me  
Hope is falling away from me

Let's go down with the ship  
Let's slip into oblivion  
Let's go down with the ship  
Let's slip into, let's slip into  
The blue

Will you turn my mind away from  
Everything that I have done  
Hope is falling away from me  
Hope is falling away from me

Let's go down with the ship  
Let's slip into oblivion  
Let's go down with the ship  
Let's slip into, let's slip into  
The blue
