

Flickering in the city lights
Shine on lucky ones tonight
I drive through the night
Flickering phosphorescent lights
Guide me through my sick and twisted plight
To take away your life
I walked into the store
Saw faces I would change
Soon they'll be on the floor
Priorities arranged
I paced around and looked
For reasons not to steal
The light that beats within
I need so desperately
'Cause I am just a cannibal
And I will let you see
You are just an animal
With a soul soon set free
Murderers in limousines
Get caught then they get off scott free Youpowerless in wishes
You glamourize the killers
And you glamourize the psychopaths Victims become faceless in s
uburban safeway grocery stands
I walked out of the store
Saw faces I had changed
Soon they'll be in the morgue
Priorities arranged
I drove around and thought
Of reasons not to kill
But light that beats within
I need so desperately
'Cause I am just a cannibal and I will let you see
You are just an animal with a soul soon set free
I'll bring you your deepest nightmares and haunt you when your
gone
And I'll provide the entertainment the Anger is a underestimate
