

# The Gates of Rock 'N' Roll

VAST

Take me to the places  
You keep secret  
Into a land of fur and diamonds  
In my mind

'Cause there's a girl I'd like to love  
And there's some things I'd like to say  
To who is gonna hear

The gates of rock 'n' roll  
Will never close on me  
The gates of rock 'n' roll  
Will never close on me

Take me to your mansions  
Way beyond the gates  
I will do anything to get there  
You know I will

'Cause there's a man I'd like to be  
And there's some things I'd like to say  
To who is gonna care

'Cause there's a girl I'd like to love  
And there's some things I'd like to say  
To who is gonna hear

The gates of rock 'n' roll  
Will never close on me  
The gates of rock 'n' roll  
Will never close on me

The gates of rock 'n' roll  
Will never close on me  
The gates of rock 'n' roll  
Will never close on me
