

## You Are the One

VAST

Your hair reminds me of heaven  
And your eyes take me from this hell  
Bring me closer to your soul tonight  
You are the one

Your lips make me feel like I am dying  
And your touch makes me feel like I'm a child  
Bring me closer to your soul tonight  
You are the one

Your hair reminds me of heaven  
And your eyes take me from this hell  
Bring me closer to your soul tonight  
You are the one
