

The Deeper I Fall

Vaughan Penn

Walkin' on a moonbeam
Livin' in a daydream
Heaven isn't that far away
Lookin' into your eyes I come alive
And I'm totally carried away
Falling for you is the best thing that could have ever happened
Falling for you is the best thing that could have ever happened
to me

The deeper I fall, the more I know
The deeper I fall, can't let you go
The deeper I fall down to the core
The more I know what love is for
You've got to know you've got the heart of me
You've got to know

Knowing that you need me
Loving you is easy
It's you and me 'til the end of time
Cause everything about you
Makes me happy that I found you
The stars are finally in line
Falling for you is the best thing that could have ever happened

Falling for you is the best thing that could have ever happened
to me

You've got to know you've got the heart of me
You've got to know you've got every part of me
You've got to know you've got the heart of me
Got to know
