

# Time Flies

Vaya Con Dios

1. It`s been such a funny day I don`t know why  
Walking on an endless lane Life passing me by  
Tomorrow is caling  
But I`m dragging my feet  
The skies are indecently clear  
But I can`t stand the heat

2. Sleepwalking in a haze  
Stumbling like child  
Dragons that I used to chase  
Tease me from inside  
The future`s uncertain  
Just like yesterday  
Memories of heaven  
Can`t be taken away

CHORUS:

You know, time flies  
And the rebels, one day  
They all go quiet  
Ain`t no money, ain`t nobody  
That can buy you piece of mind

3. They say you learn from your mistakes  
It`s a lie  
My redemption has been staged  
Numerous times  
But the angels of passion  
Still taunt me in my sleep  
They keep throwing petals and thorns  
Underneath my feet

CHORUS: You know...
