

## Greater Than

Vedera

Here in a box I hide the letters  
Written, postmarked with your name  
Secrets I wish I could only share  
With a heart that feels, feels the same

And here we fall to pieces  
In front of each other but we know  
Somehow we're greater  
Than our lonely fears

Here's where the notes were torn and crumbled  
Before feelings could reach the page  
Try to replace some sober thought  
From emotion, fists held up with rage

And here we fall to pieces  
In front of each other but we know  
Somehow we're so much greater  
Than

Here we fall to pieces  
In front of each other but we know  
Somehow we're greater  
Than our lonely fears

Though I'm a simple mind, I know  
I can see the picture drawn out here  
You are the reason I have found  
To keep believing in these years

And though the road is long  
The trying keeps us holding on this way  
And make no mistake, this is love  
Love, love, love, this is love, love

And here we fall to pieces  
In front of each other but we know  
Somehow we're so much greater  
Than

Here we fall to pieces  
In front of each other but we know  
Somehow we're greater  
Than our lonely fears
