

## It's All Happening On Broadway

Vedera

if you lay me down in this mess will i remember your name  
when you come back calling for me like you said you would  
do i trust your breath will sustain you in all your long hours  
do i love your weakness enough to see it as my strength  
do you come back to me  
when everyone else has failed you  
i am no more flattered by your wandering eyes  
than i am by your softly broken lies  
oh, the air is thick with betrayal  
we search for devotion and wind up settling for emotion  
you don't make me want to dance with you  
you make me wanna, you make me wanna  
make me wanna run and find something true  
something true, someone like you
