

# Hallelujah

Vega 4

When the show is over  
And all is said and done  
When the picture turns to static  
The station has closed

Hallelujah, hallelujah  
It was all worthwhile, oh love  
Hallelujah, hallelujah  
I had the time of my life

When the final scene has faded  
On my starring role  
I'll be thinking of you  
The song will play on

Hallelujah, hallelujah  
It was all worthwhile, oh love  
Hallelujah, hallelujah  
I had the time of my life

Hallelujah, hallelujah  
It was all worthwhile, oh love  
Hallelujah, hallelujah  
I had the time of my life

I can see the world from here
