

## A Chang

Velocity Girl

Sadness comes around me  
I feel I have to know  
Should I leave right now  
Or tell my love  
Maybe I am afraid  
Maybe I am afraid  
I feel away with love  
This might be a long time  
After all  
If baby you want to know  
You give me less than I want  
But more than you can do  
Is less than I can have  
I know  
All the streets are crowded  
And you are on my mind  
You will return to me  
And that is all I want
