

# She Mine

Velvet Revolver

Love songs keep pumpin' on my radio  
You split on Monday  
Took your machine that kept me afloat  
Now you're back it's Tuesday

I call it love insanity  
I call it my reality  
She mine, mine all mine  
She mine, mine all mine

Cool kids keep movin' as the car explodes  
Roll around on Sunday  
Dual diagnosis is the way to go  
Poppin' pills like candy

I call it love insanity  
I call it my reality  
She mine, mine all mine  
She mine, mine all mine

While away  
Our old mistakes  
Break the fray  
Change  
She mine, mine all mine  
She mine, mine all mine  
She mine, mine all mine  
She mine, mine all mine
