

Einstein-Rosen Bridge

Venetian Snares

It's about time
It's about space
About strange people in the strangest place

It's about time
It's about flight
Traveling faster than the speed of light

It's about time
It's about space
About strange people in the strangest place

It's about time
It's about flight
Traveling faster than the speed of light

It's about time for you and me
To meet these people of amazing feats
They will be here
With all of us
Dodging a taxi, a car, a bus.

It's about time
It's about space
About strange people in the strangest place

It's about time
It's about flight
Traveling faster than the speed of light

It's about time
It's about space
