

Diggin' a hole
Diggin' a hole
This was your fault!
This was your mistake!
I try to walk through
This was your fault!
This was your mistake!
This was your fault!
This was your mistake!
This was your fault!
This was your mistake!
Diggin'
Diggin' a hole through the brick wall
I am diggin' a hole
I am diggin' a hole
I am diggin' a hole
Diggin' a hole through the brick wall
I try to exert the full force of my mind
On all the atoms of my body
So that they will mix
And rearrange
And fit exactly exactly all the holes in that wall
I try to walk through it
I try to walk through it
I try to walk through
I try to walk through
I try to walk through the wall
Diggin' a hole
Diggin' a hole
Diggin' a hole
Diggin' a hole
Diggin' a hole
Diggin' a hole through the brick wall
I am making an example of them!
I am punishing the atoms!
I am punishing the atoms
I am making an example of them
An object lesson
A thing
