

Hail Satan

Venom

All hail Satan - Lucifer
He walks among us - Everywhere
The fallen angel - Is the light
His throne of diamonds - The most high
Through the stones of fire
Blameless in your ways
Sing unholy choir
His glorious name - Lucifer/Evil One
All hail Satan - Diabolus
He stands beside you - One of us
Star of the morning - The son of dawn
A realm of sinners - Fires burn
Through the stones of fire
Blameless in your ways
Sing satanic choirs
His infernal names - Baphomet/Diabolus
