

Hours of Darkness

Venom

Lost in the shadows, gaze into the void
Feeding the bastards, rebirth or destroy
Hours of darkness
Turn on the night
Awaken ebony
Begin twilight
Late in December coldness deadly chill
The night is calling, it's kill or be killed
Kill kill - Be killed
Kill kill - Be killed - Kill
Fading to blackness, Flat out on your back
Reveals the answer, the time to attack
Hours of darkness
Turn on the night
Awaken ebony
Begin twilight
Hours of darkness
Turn into the night
Eclipse is darkening
Black wings flight
