

Regé Satanás

Venom

When they opened the gates
We emerged from the dark
There was no turning back
We go straight for your throat
Our time has come - Through the wars of the damned
We bring darkness and death - To your sacred land
See that look in your eye
Like a long lost child
But your reign had to end
You're a poison and dead
Our time is here - Through the wars of the damned
We bring darkness and death - To your dying land
We lasted throughout - Despite holy lies
Impotent to deny
Regé Satanás - Satan's reign
Regé Satanás - Satan's reign
The extinction of sin
Broken churches lay bare
Now their mental oppression
Saying nought but prayers
Our time is about - Through unholy wars
You are over and out - Damned day walkers
Regé Satanás - Regé Satanás
Regé Satanás - Regé Satanás
Satanas - Satanás - Satanás - Satanás
Satanas - Satanás - Satanás - Satanás
Satanas - Satanás - Satanás - Satanás
Satanas - Satanás - Satanás - Satanás
