

## Regé Satanás

Venom

When they opened the gates  
We emerged from the dark  
There was no turning back  
We go straight for your throat  
Our time has come - Through the wars of the damned  
We bring darkness and death - To your sacred land  
See that look in your eye  
Like a long lost child  
But your reign had to end  
You're a poison and dead  
Our time is here - Through the wars of the damned  
We bring darkness and death - To your dying land  
We lasted throughout - Despite holy lies  
Impotent to deny  
Regé Satanás - Satan's reign  
Regé Satanás - Satan's reign  
The extinction of sin  
Broken churches lay bare  
Now their mental oppression  
Saying nought but prayers  
Our time is about - Through unholy wars  
You are over and out - Damned day walkers  
Regé Satanás - Regé Satanás  
Regé Satanás - Regé Satanás  
Satanás - Satanás - Satanás - Satanás  
Satanás - Satanás - Satanás - Satanás  
Satanás - Satanás - Satanás - Satanás  
Satanás - Satanás - Satanás - Satanás
