

Alice

Venus Hum

Stars come to mind
Petal skin and violet eyes
Diamonds
Sapphires

There's night sky all around me
Big, blue oceans inside of me
Swimming inside of me
Alice, hold my face
Sing me again-Edelweiss

Lying on my back
Oh the grass is wet
Stars are singing silence to me
Alice, hold my face
Sing me again-Edelweiss

On the porch again
Heaviness is in my hands
A voice (says) let it go
Alice, hold my face
Sing me again-Edelweiss
