

Soul Sloshing

Venus Hum

Indulging inaccuracy, I'm picking apart my friend Lizzie
Throw another word on me and watch me hurl it back
I know you, I swear I do, you're just like me
You're sipping a cup of pity, aw

Did I forget to mention, I'm the center of attention
In my universe Mm pain's my pension
I know you, I swear I do, you're just like me
You're sipping a cup of dreams, yeah

Soul sloshing, don't shush me
Just listen to me, pretty little kitty in the sky
The bass of my laughter, my gut is the speaker
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha
Sweet is my surprise

Self involved security, yet you are such a part of me
And somehow what we do, seeps into me, seeps into you
It's subtle, it's creepy knees, it's condescension versus humil
ity
I know you, I swear I do, you're just like me
You're sipping a cup of pity, aw

Did I forget to mention , I'm the center of attention
In my universe , my pain's my pension
I know you, I swear I do, you're just like me
You're sipping a cup of dreams, yeah

Soul sloshing, don't shush me
Just listen to me, pretty little kitty in the sky
The bass of my laughter, my gut is the speaker
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha
Sweet is my surprise, sweet is my surprise

Soul sloshing, don't shush me
Just listen to me, pretty little kitty in the sky
The bass of my laughter, my gut is the speaker
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha

Soul sloshing, don't shush me
Just listen to me, pretty little kitty in the sky
The bass of my laughter, my gut is the speaker
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha
Sweet is my surprise, sweet is my surprise
Sweet is my surprise, sweet is my surprise
