

Wordless May

Venus Hum

The words of wordless may
Sing a song to me
She stands as tall as trees these days
The words of wordless may

Dear Jesus make me simple
Strong as trees to sway
Give me arms wide open with Your beautiful way
Just like wordless may

If there were fields, as pretty as you
I'd want to kiss them too
If there were fields, as pretty as you
I'd want to kiss them too

If there were eyes, as pretty and blue
I'd want to swim them too
If there were skies, as pretty and blue
I'd want to kiss them too

The words of wordless may
Sing a song to me
She stands as tall as trees these days
The words of wordless may

Dear Jesus make me simple
Strong as trees to sway
Give me arms wide open, with Your beautiful way
Just like wordless may

If there were fields, as pretty as you
I'd want to kiss them too
If there were skies, as pretty as you
I'd want to kiss them too

The words of wordless may
Sing a song to me
She stands as tall as trees these days
The words of wordless may

Dear Jesus make me simple
Strong as trees to sway
Give me arms wide open with Your beautiful way
Just like wordless may
