

No matter how cold it seems
You're my hell now?
No matter how cold it seems
You're my hell now?

This place will never stop
It burned this town
It's a shot
Underneath your level skin

Shot
Monkey see as monkey do
Shot
Got a dollar for a sin
Shot

You're so pretty when you sleep
Taste your poison skin
Get you in, yeah get you in
Taste your poison skin
Get you well now
Get you well now

This place will never stop
It burned this town
It's a shot
Underneath your level skin

Shot
Monkey see as monkey do
Shot
Got a dollar for a sin

You're so pretty when you sleep
This place will never stop
It burned this town
It's a shot
Underneath your level skin?

Shot
Monkey see as monkey do
Shot
Gotta give it gotta get a shot
You're so pretty when you sleep
You're so pretty when you sleep
