No matter how cold it seems  
You're my hell now?  
No matter how cold it seems  
You're my hell now?

This place will never stop  
It burned this town  
It's a shot  
Underneath your level skin

Shot  
Monkey see as monkey do  
Shot  
Got a dollar for a sin  
Shot

You're so pretty when you sleep  
Taste your poison skin  
Get you in, yeah get you in  
Taste your poison skin  
Get you well now  
Get you well now

This place will never stop  
It burned this town  
It's a shot  
Underneath your level skin

Shot  
Monkey see as monkey do  
Shot  
Got a dollar for a sin

You're so pretty when you sleep  
This place will never stop  
It burned this town  
It's a shot  
Underneath your level skin?

Shot  
Monkey see as monkey do  
Shot  
Gotta give it gotta get a shot  
You're so pretty when you sleep  
You're so pretty when you sleep
