

Bad Man

Vermillion Lies

I met this funny girl alone on a bridge
I threw her to the fish and made my wish

Yeah, I'm a bad
Yeah, I'm a bad, bad man

I drew her to me with my siren song
I may not look like one, but don't get me wrong

Yeah, I'm a bad
Yeah, I'm a bad, bad man

She smiled so sweetly when she stole my heart
I had to love her right from the start

She looked right up at me with bright green eyes
Sparkling like water, big surprise

She said, "you're a bad,
Yeah, you're a bad, bad man."

What could I do, she could have had it all
If she had asked, I would have given her my soul

So yeah, I'm a bad
I'm a bad, bad man

If I could change it all and turn back time
If I could make a wish, I'd make her mine
