

## More and More

Vermillion Lies

You can have my keys  
If i can have your heart  
You can sleep on my couch  
If I can sleep on top of you

Oh you  
You can have everything you need  
Oh you  
You can have everything  
You can have everything and more

You can be my carpet  
And I'll be your floor  
I'll be your music  
If you play me like a guitar

Oh you  
You can do everything to me  
Oh you  
You can do everything  
You can do everything and more

If I was a sonnet  
I'd be fifteen lines long  
If I was a pop quiz  
I'd have ninety percent of my answers wrong  
But you  
You're always right about everything  
Oh you  
You're right about everything all the time and more

You can use my toilet  
If you promise to flush  
You can help me write this song  
I'm not asking for much  
Oh we  
We can have everything we need  
Oh we  
We can have everything  
We can have everything and more and more and more...
