

The Day We Met

Vermillion Lies

I fell in love with you
While we were lying on the grass
Wrapped in a blanket
Under a tree

You fell in love with me
While we were walking on a bridge
And made shadows on the water
And scared all the fish

We fell in love
On the day we met
I'll never remember
I'll never forget

I fell in love with you
Your stupid homemade tattoo
Old stories of your crazy ex girlfriends
And the way you chew with your mouth open

You fell in love with me
Just like a fish, it loves the sea
And like a fish can love the air
But then can't breathe and gets scared

We fell in love on the day we met
I'll never remember
I'll never forget

I fell in love with you
It wasn't enough
It never is
It never was

You fell in love with me
It isn't enough
It never is
It never was

We fell in love
On the day
