

Do You Believe Me Now

Vern Gosdin

Don't you think you should have called?
To tell me you were coming down
Oh you look so out of place on this troubled side of town
Its a place where losers go when they know there's nothing left

And after losing you I just lost the will to live

Do you believe me now?
I told you time and time again
My heart and soul is your hands do you believe me now?
Do you believe me now?
Look at the living I endure
I ain't nothing without you do you believe me now?

I don't know what changed your mind, come-
on ask if this is real
I don't know what if you're a dream I only know how good it feels
If you could find it in your heart to say the fire for me still
burns
I'll find a place to turn around down this road of no return

Do you believe me now?
I told you time and time again
My heart and soul is your hands do you believe me now?
Do you believe me now?
Look at the living I endure
I ain't nothing without you do you believe me now?
