

I Wonder Where We'd Be Tonight

Vern Gosdin

Time is sure passin' slow
Lord, it's only half past ten
One too many times tonight
You just crossed my mind again

I just can't help but wonder
Why we had that final fight
And if we hadn't given up
I wonder where we'd be tonight

It's just about all that I can do
To keep from pickin' up the phone
'Cause I'm afraid that if you answer
I might find you're not alone

I can't stand the thought that someone else
Could make your world seem bright
And if we were still together, girl
I wonder where we'd be tonight.

How would it be
Would you still love the way you used to
Would you believe in me
Could I still be inside the heart of you?

Would you take me in your lovin' arms
And make everything all right
And if we were still hangin' on
I wonder where we'd be tonight.

I just can't get you off my mind
God I wonder where you are tonight...
