

## Tight As Twin Fiddles

Vern Gosdin

I grew up on western swing  
Bob Wills had me hooked early in my teens  
A fiddle was the only thing I put my fingers on  
Faded love was my love till you came along

Oh, now we're tight as twin fiddles in a Bob Wills band  
The fiddle we play with came straight from the man  
We fiddled around oh, but we both understand  
That we're tight as twin fiddles in a Bob Wills band

Here's to the fiddler playin' at my side  
Now don't tell me Bob Wills sound ain't alive  
[Incomprehensible] twin fiddles let it flow  
Her harmony's on right or wrong lets me know

Oh, that we're tight as twin fiddles in a Bob Wills band  
The fiddle we play with came straight from the man  
We fiddle around oh, but we both understand  
That we're tight as twin fiddles in a Bob Wills band  
We're tight as twin fiddles in a Bob Wills band
