

# Life is fun

Verona

OK, I'd just like to say  
Hi to everybody  
And thanks for coming!  
Hey  
Here we go!

Let me take you for a ride tonight  
Free your head to leave the world behind  
Something beautiful's gonna come our way  
If you learn to let it go  
Try to make some noise  
Baby, raise your voice  
So there everyone will know

Life is fun  
And the party's going on  
Only music makes me strong  
There I know where I belong  
While you're dancing to my song

And the party's going on  
Only music makes me strong  
There I know where I belong  
While you're dancing to my song

Crazy people rock the floor tonight  
They all know that now the time is right  
Something beautiful's gonna come our way  
If you learn to let it go  
Try to make some noise  
Baby, raise your voice  
So there everyone will know

Life is fun  
And the party's going on  
Only music makes me strong  
There I know where I belong  
While you're dancing to my song

And the party's going on  
Only music makes me strong  
There I know where I belong  
While you're dancing to my song

Alright  
I want to  
To put your hands up in the air!  
Everybody!  
And ein, zwei, drei, vier...  
Here we go!

Life is fun  
And the party's going on  
Only music makes me strong  
There I know where I belong  
While you're dancing to my song

And the party's going on  
Only music makes me strong  
There I know where I belong  
While you're dancing to my song

Thank you. Goodbye!
