

Bad Feeling

Veronica Falls

Your face anyway
Is only getting clearer
When i close my eyes
Every single day and every night

Uuh uuh

Now ..my shoulder
Only getting colder
Tryin to remember
If you were even real

Chorus:
I don't remember
I've got a bad feeling, bad feeling
A bad bad feeling, bad feeling
Is not going away, going away
It's not going away.

Uuh uuh
Waiting for the weather
I know will never get here
Tryin to forget him
That everything went wrong

Chorus:
I don't remember
I've got a bad feeling, bad feeling
A bad bad feeling, bad feeling
Is not going away, going away
It's not going away.

I've got a bad feeling, bad feeling
A bad bad feeling, bad feeling
And it's not going away, going away
It's not going away.
