

# Broken Toy

Veronica Falls

For what it's worth she said I'll try so you're right  
For what it's worth she said it wasn't enough

Cause if you don't care  
You'll never care  
If you don't know now  
You'll never know how

Cause you're a broken (you're a broken)  
Toy, it's true  
But I am broken too  
A broken toy like you

If there's no hope she said there is no hope (there is no hope)  
I wouldn't change a thing, I'd do it over again

But if you don't care  
You'll never care  
If you don't know now  
You'll never know how

Cause you're a broken (you're a broken)  
Toy, it's true  
But I am broken too  
A broken toy like you

Cause you're a broken (you're a broken)  
Toy, it's true  
But I am broken too

A broken  
I am broken  
Toy  
So broken  
I am broken too  
Broken just for you  
Broken just for you
