Veronica Falls

Found Love in a Graveyard

Ooh Ooh Ooh Ooh Ooh

Ooh Ooh Ooh Ooh Ooh

I get on my bike and I ride and I ride and I'll never  
be found again

Skin like paper holding a vapour clinging to a dream I  
had

Clinging to a dream so true, falling for a ghost like  
you

Clinging to a dream so true, falling for a ghost like  
you

Found Love in a Graveyard

Found Love in a Graveyard

Found Love in a Graveyard

Found Love in a Graveyard

I'm broken hearted dearly departed

Dearly departed I'm broken hearted

She was my ghost I know she needed me the most

But We're not alone, we were living in a funeral home

She was my ghost I know she needed me the most

But We're not alone, we were living in a funeral home

Ooh Ooh Ooh Ooh Ooh Ooh

Found Love in a Graveyard

Found Love in a Graveyard

Found Love in a Graveyard

Found Love in a Graveyard

I'm broken hearted dearly departed

Dearly departed I'm broken hearted

She was my ghost

She is my unholy adventure

She was my ghost

She is my unholy adventure

Dearly departed I'm broken hearted

Dearly departed I'm broken hearted
