

My Heart Beats

Veronica Falls

Well they say
All I can do is dream
Well they say
My dreams could only be believed

If we can dream together
My heart beats (My heart beats)
So slowly (So slowly)
My heart beats on and on

Talking
Talking in your sleep
These worlds are only a reality

If we can dream together
My heart beats (My heart beats)
So slowly (So slowly)
My heart beats all in all

You sing to me (You sing to me)
So quietly (So quietly)
You sing to me on and on

My heart's beat so slowly
My heart's beat on and on
My heart's beat so slowly
My heart's beat on and on
My heart's beat so slowly
My heart's beat on and on
On and on and on
