

# My Heart Beats

Veronica Falls

Well they say  
All I can do is dream  
Well they say  
My dreams could only be believed

If we can dream together  
My heart beats (My heart beats)  
So slowly (So slowly)  
My heart beats on and on

Talking  
Talking in your sleep  
These worlds are only a reality

If we can dream together  
My heart beats (My heart beats)  
So slowly (So slowly)  
My heart beats all in all

You sing to me (You sing to me)  
So quietly (So quietly)  
You sing to me on and on

My heart's beat so slowly  
My heart's beat on and on  
My heart's beat so slowly  
My heart's beat on and on  
My heart's beat so slowly  
My heart's beat on and on  
On and on and on
