

The Fountain

Veronica Falls

Ooh Ooh Ooh
Ooh Ooh Ooh

On a distant hillside I watched our love die
I lost my baby to the winter
And I couldn't bear to hold you near
When everything I fear is haunting me
Darling dear I'm not here baby doll

Don't take me back to the fountain
There's nothing left there for you
Just take your flowers and leave them at the fountain
And watch the fountain bloom

Ooh Ooh Ooh
Ooh Ooh Ooh
Ooh Ooh Ooh
Ooh Ooh Ooh

I found it in an empty room I let you go
How could I know to hold you near
When everything I fear is haunting me
Darling dear I'm not here anymore

Don't take me back to the fountain
There's nothing left for me and you
Just take your flowers and leave them at the fountain
Just take your flowers and watch me walk away
We'll walk away today
Just take your flowers and leave them at the fountain
Just take your flowers and watch me wilt away
Just take your flowers and watch me wilt away
We'll wilt away today
Ooh Ooh Ooh
Ooh Ooh Ooh
