

This doesn't make much sense
Think far out but I'm still locked in
I'm still lost, walking circles
The floor swallowed me up whole
There's no where to go

There's a vulture on my shoulder
And he's telling me to give in
Always hissing right in my ear
Like it's coming from my own head
It's got me mixed up, trying not to give up
Tell me there's a way to get out of here
Oh, fixed at zero

I've learned to talk with my fingers
The only that voice that wakes my ears
Oh make my bones do something
Ever wanna jump out your skin
Anticipate until the sidewalk ends
There's no where to go

There's a vulture on my shoulder
And he's telling me to give in
Always hissing right in my ear
Like it's coming from my own head
It's got me mixed up, trying not to give up
Tell me there's a way to get out of here
Oh, fixed at zero

There's a vulture on my shoulder
And he's telling me to give in
Always hissing right in my ear
Like it's coming from my own head
It's got me mixed up, trying not to give up
Tell me there's a way to get out of here
Oh, fixed at zero

I'm fixed at zero
