

The Revenant Choir

Versailles

I'm proud of them.
Pleasure like fear.
It's a night when the moon laughs at lover.
The time has come for you.
I will resurge and shouts and bites.
Stay away!
Do you want to go with me?

They called it...
"The red carpet day"
The floor covered by delicious looking roses.
The time has come for me.
I will resurge no control!
Poured crimson admiration into...

Our clan's blood will not stop forever.
If you wish, I would become a rose.
Our clan's blood is a lifetime lover.
Stay, choir of sorrow and pains.

My dearest descendant, please stab my belly.
Oh so again
Please stab my heart.
The time has come for me.
I will resurge no control!
Poured crimson admiration into Holy Grail.

Our clan's blood will not stop forever.
If you wish, I would become a rose.
Our clan's blood is a lifetime lover.
Stay, choir of sorrow and pains.

kioku no naka no kurenai chi wo bara ni kaeteita
hibiku her shout and Choir

Our clan's blood will not stop forever.
If you wish, I would become a rose.
Poured crimson admiration, into Holy Grail,
Stay, choir of sorrow and pains.

kioku no naka no kurenai chi wo bara ni kaeteita
hibiku her shout and Choir

The time has come for us.
Long time sleep passed.
The world turns in hand of descendant of the rose.

Our clan's blood will not stop forever.
Stay, choir of sorrow and pains.
Our clan's blood is a lifetime lover.
Without you, would be gone far away...
