Blind Salvation

Verse

Thirsting for the absolute left you drunk on a quest for the tr uth.

A newfound sense of salvation, empty in the eyes, mind on vacation.

They got their ravenous claws in your skin, they know the power of

infecting the youth.

Such a fine young boy. Join them where the water is black and \boldsymbol{y} ou

can make your own rules.

No wrath of god, just the wrath of man. A legacy of genocide an d stolen lands in the name of "good books" that have been twisted

for imperialistic plans. Ignore the dark history of slavery and $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

misery. Turn out the lights and hide the current state.

You've been "saved" but you still wait: Arms open, heart open, God

fearing. Still Nothing.
