

Can You Help Me

Vertical Horizon

Can you finally reach me
Out beyond the blue
I've been gone a long time
Far away from you
I can see
That love alone is not enough
If you don't believe in
What you are and what you've got
The tears you cried
Have come to my eyes

[Chorus:]

Can you can you help me
'Cause I went away
Can you can you help me
Or is it too late
Can you help me
I'm trying to get through
Can you can you help me
'Cause I want to love you

Once you've been defeated
Once you've been defined
Once your will is broken down
It's so hard to feel alive
But I believe that somewhere
Out across the fields
I can see
What is false and what is real
You're the one face
That holds me in place
I can see you

[Chorus]

You say hush
Everything heals in time
Hush
Everything heals in time

[Chorus]
