

# Echo

## Vertical Horizon

Echo, echo...  
We come, we go-woah  
No I don't want to be just another  
Echo, echo...

Everywhere I go  
There's something I really need  
Everyone I know  
Is someone I want to be  
Even though  
I don't really know me

I better pick it up  
Before I let it slip away  
I better stick it out  
Before I take another day  
Into mouth  
Everything I say fades out

Echo, echo...  
We come, we go-woah  
No I don't want to be just another  
Echo, echo...

Can I open up your eyes?  
Only when the clouds break?  
Can I feel the light?  
Even though the world shakes  
Every night,  
You're my quiet satellite

Can I hold you close?  
Do her out of focus  
And everything I know  
I don't even know this  
It all falls through  
I'm here and I hear you

Echo, echo...  
We come, we go-woah  
No I don't want to be just another  
Echo, echo...

Do you hear me?  
Do you hear me?  
Cause I need to, just to reach you  
Do you hear me?  
Coming clearly?  
Am I hollow?  
Just an echo

Echo, echo...  
We come, we go-woah  
No I don't want to be just another  
Echo, echo...  
Echo, echo...  
We come, we go-woah

No I don't want to be just another  
Echo, echo...
