

Goodbye Again

Vertical Horizon

I'm on the outside, looking in
What do I see?
So much of this left to begin
Where would I be?
I'm on the outside, looking in
Cover me through this night

Guess I don't know what's, left to say
But hear me out
All of the dreams of, yesterday
Keep breaking me down
What's on the outside, can you say
Or am I getting carried away

It's in your mind
It's in your eyes
So it's goodbye again
It's way past time
For one last try
So it's goodbye again
Goodbye... again

I'm getting on, what's the use
You know how I get
I can't decide which is the truth
At least not yet
I got the feeling, it's you
What can be said, alone in this room
No...

It's in your mind
It's in your eyes
So it's goodbye again
It's way past time
For one last try

Who wants you now?
Maybe somebody else
I'll wait around
Maybe you'll forget you were ever here
Maybe forget you were ever, never here

I'm on the outside, looking down
What do I see?
So much of this cold, in the ground
Where would i be?
On the outside, looking down
Cover me before you go

It's in your mind
It's in your eyes
So it's goodbye again
It's way past time
For one last try
So it's goodbye again

Your falling out,

I'm falling in
So it's goodbye again
It's way past time
For one last try
So it's goodbye... again
So it's goodbye again
