

# Goodbye Again

Vertical Horizon

I'm on the outside, looking in  
What do I see?  
So much of this left to begin  
Where would I be?  
I'm on the outside, looking in  
Cover me through this night

Guess I don't know what's, left to say  
But hear me out  
All of the dreams of, yesterday  
Keep breaking me down  
What's on the outside, can you say  
Or am I getting carried away

It's in your mind  
It's in your eyes  
So it's goodbye again  
It's way past time  
For one last try  
So it's goodbye again  
Goodbye... again

I'm getting on, what's the use  
You know how I get  
I can't decide which is the truth  
At least not yet  
I got the feeling, it's you  
What can be said, alone in this room  
No...

It's in your mind  
It's in your eyes  
So it's goodbye again  
It's way past time  
For one last try

Who wants you now?  
Maybe somebody else  
I'll wait around  
Maybe you'll forget you were ever here  
Maybe forget you were ever, never here

I'm on the outside, looking down  
What do I see?  
So much of this cold, in the ground  
Where would i be?  
On the outside, looking down  
Cover me before you go

It's in your mind  
It's in your eyes  
So it's goodbye again  
It's way past time  
For one last try  
So it's goodbye again

Your falling out,

I'm falling in  
So it's goodbye again  
It's way past time  
For one last try  
So it's goodbye... again  
So it's goodbye again
