

Inside

Vertical Horizon

We're all lost
We're all found
We're all the same
Just one heart
Beats in us
We're different names
Just one heart
Oh- different names

Oh me, inside you
Cause I wanna be,
Inside you
Inside you

Take this hand
Lift me up
Into your sky
Oh, hold me here
It's just you and me
Cause you make me fly
Oh you make me fly

Oh me, inside you
Cause I wanna be,
Inside you
Inside you

We're all lost
We're all found
We're all the same...

Oh me, inside you
Cause I wanna be,
Inside you
Inside you
Hold me, inside you
Cause I wanna be,
Inside you
