Send It Up

Vertical Horizon

Oh you make me lay down Oh you make me forget I am here Oh you're making me safe now Oh you make the faces disappear

I'm all right by the way Everyone saves the day Sometimes I feel it

[Chorus] Send it up Send it up now Send it up

[Chorus]

Oh I feel so close now Oh you're taking me back from where I've been Oh I'm not alone now Oh you rest me up and rush me in

I'm all right by the way Everyone saves the day Sometimes I feel it

[Chorus]
