Send It Up

Vertical Horizon

Oh you make me lay down
Oh you make me forget I am here
Oh you're making me safe now
Oh you make the faces disappear

I'm all right by the way
Everyone saves the day
Sometimes I feel it

[Chorus]
Send it up
Send it up now
Send it up

[Chorus]

Oh I feel so close now Oh you're taking me back from where I've
 been
Oh I'm not alone now
Oh you rest me up and rush me in

I'm all right by the way
Everyone saves the day
Sometimes I feel it

[Chorus]
