

# All Hail Me

Veruca Salt

Oh  
So sorry lady  
So sorry now  
I've killed your baby  
I don't know how

So sorry  
So sorry now

So sorry mister (oh oh)  
But don't look now (oh oh)  
I've got your sister (sister)  
I shot her down

So sorry  
So sorry now

'Cause I'm a bad man  
I do what I can  
I'm a bad man  
I do what I can  
I'm a bad man  
I do what I can

All hail me

So sorry mother  
I've let you down  
I'm soaked in blood here  
I can't get out

So sorry  
So sorry now

'Cause I'm a bad man  
I do what I can  
I'm a bad man  
I do what I can  
I'm a bad man  
I do what I can

All hail me

Oh I'm melting  
Melt your baby  
That did not work so very well
