

# Officially Dead

Veruca Salt

I don't believe what you said  
I can go anywhere  
I can hold my head up  
I can breathe in the air  
I'm not officially dead  
I still have a heart  
I'm not officially dead, yeah  
I still have a heart  
do you remember the times  
you ride my bike past my house  
I wanna know you so bad  
know you inside and out  
you're officially dead  
you don't have a heart  
you're officially dead, yeah  
you don't have a heart  
you're officially dead  
you don't have a heart  
you're officially dead  
(see me, feel me, touch me, please me..)  
was it easy just to leave me  
just to leave me dead  
I know you can't let me go  
it's all in your head  
you want me back in your arms  
back in your bed  
we're officially dead  
we don't have a heart  
we're officially dead  
we don't have a heart (4x)  
officially dead  
we're officially dead (2x)  
officially dead (3x)
