

Shimmer Like a Girl

Veruca Salt

It's a shame you
have a mind of your own now
Shame on you,
completely setting the tone now.
I caught you,
bleeding under my skin now
I fought you, but you're beginning to win now
Well I don't care,
I swear it's my turn now
Shimmer, shimmer like a girl should, yeah (3x)
you gotta get in glimmer, shimmer
sparkle while you can
Train crashing,
falling off of the tracks now
Whip cracking
at the small of my back now
I failed you
and they're beginning to talk now
I nailed you
until you're walking the walk now.
Well I don't care,
I swear it's my turn now
Shimmer, shimmer like a girl should, yeah (3x)
you gotta get it glimmer, shimmer
sparkle while you can
Shimmer, shimmer like a girl should, yeah (8x)
Shimmer, yeah (2x)
shimmer like a good girl
