

With David Bowie

Veruca Salt

Will it ever come like it did
for you, like it did for you?
I kinda heard you singing,
oh I never knew, no I never knew.
My heart skips around
when I hear the sound.
I'm never alone cause
you're following me home.
I'm falling in love,
my walkman and me,
with David Bowie.
yeah, you betcha.
With teenage medication
flowing through my veins,
I can face the strain.
It's causing a sensation that I
can explain, yeah I can explain.
My heart skips around
when I hear the sound.
I'm never alone cause
you're following me home.
I'm falling in love,
my walkman and me,
with David Bowie.
you want me to sing,
I can, I can.
You want me to play,
I can, I can.
You wanna be in a band, I can.
I'll never be anything more
than I was today, than I was today.
Will it ever come like it did
for you, like it did for you?
I kinda heard you singing,
oh I never knew,
no I never knew.
My heart skips around
when I hear the sound.
I'm never alone cause
you're following me home.
I'm falling in love,
my best friend and me,
with David Bowie.
Him and me, in a tree,
i-n-g, yeah.
